### HOW THE WINNING TICKET IS DRAWN

Charitable raffle by Riverside Youth Sports Foundation. The winning ticket for each drawing is selected by that game's score — the last digit of each team's total at each period. Unsold winning tickets benefit the cause. Rules vary by state.

# How to play

**No football knowledge needed – you never pick a team; the scores do the work.**

## You already did this

You bought your ticket and got Ticket No. 1. It's yours all season – don't lose this ticket.

## Your numbers are printed

All games' digits were drawn in one witnessed event before the season. Every ticket shows the same digits.

## Find your two digits

Your column (1) is gold across the top and your row (1) down the left. Those two digits are your winning numbers – also in the YOUR NUMBERS box.

## Watch & track

Record halftime and final scores in the score box. If your digits match the last digit of either team's score, you win.

## Get paid

Winners are contacted within 48–72 hours and pick how to take it – cash (Venmo, Zelle), a gift card, or donate it back to the cause.

### WHAT ARE MY ODDS?

1 ticket in 100 wins each drawing – you're the gold dot. But your ticket rides all 34 drawings this season, so it's about a 29% shot at winning at least once. And someone wins every game.

SAMPLE • NOT FOR SALE

# How these numbers were drawn

All 17 games' digits were drawn in one event before the season — a fair draw anyone can check.

## Published seed

## Why this is fair

- Tickets were assigned BEFORE the draw — no matching patrons to lucky combos.
- One ceremony covers all games; results can't change without reprinting.
- No human picks the digits — a seeded shuffle does, and anyone can re-run it.

# Rules & FAQ

## How are winners decided?

Last digit of each team's score at halftime and final. Your ticket wins a period if both digits match your printed digits.

## Overtime / ties?

The final includes overtime; ties follow the official NFL final.

## Postponed or cancelled?

Postponed games carry to the new date. A cancelled game's prize rolls to the cause or is refunded, at the organizer's discretion.

## Pay & get paid

Pay your organizer when you buy (Venmo/Zelle/cash). Winners are contacted within 48-72 hours of the official final and pick cash, a gift card, or donate it back to the cause.

## Score corrected later?

The official final governs; the organizer absorbs corrections — winnings are never clawed back.
